Local Items.

Interesting matter, original or selected, may always be found on the first page.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

BUTTER.—It being extremely hot, but little butter was brought into market to-day, the whole amount shipped being 641 tubs. The price was 30 cents per pound. With the thermometer at 104° in the shade it was to-day butter is only common grease, after all.

SAD BEREAVEMENT.—The two beautiful and more than commonly intelligent children of Rev. A. B. Swift, of Enosburgh, a little girl aged about ten years, and a little boy, aged eight years, have recently died, and left a sad vacancy in a once happy home. Two more truly beautiful children we have never seen, and in their so great loss we believe that the heartiest and truest sympathy will be extended to the bereaved parents, by all who know them, or who ever had the pleasure of seeing their children.

MR. S. E. wants to know how it is that we do not put up the ticket under our editorial head? We do not consider a ticket in such a place very ornamental, and no one who reads our paper can mistake our position because of the absence of the ticket in such place. While our venerable contemporary gives the ticket in its editorial columns, we will give in such space the reasons for supporting it. "You pays your money and you takes your choice."

GRAND FLORAL CONCERT.—It will be seen by reference to our advertisements that Mr. H. I. Proctor, with a chorus of some sixty young ladies and Misses will give Paroni's Operetta, "The Twin Sisters," together with a choice selection of vocal and instrumental music, at Academy Hall in this village, on Thursday and Friday evenings, July 23 and 24th. These concerts will be well worth attending, and it is to be hoped our citizens will turn out in large numbers, thus showing their appreciation of Mr. Proctor's efforts to furnish St. Albans with first class vocal and instrumental music. Mr. B. D. Hopkins, and George E. Kinsley, the gentlemanly leader of the St. Albans Brigade Band, who are hosts of themselves, it will be noticed are to take part in the concerts.

CAUTION.—During this hot weather care ought to be taken of the canine race. Dogs should be muzzled, for if they do not become rabid, the hot weather tends to irritate them, and they may cause needless fright. A gentleman of our acquaintance was bitten by a dog last evening, while quietly walking home to tea. If the dog was not mad, he was; and though he is in no apparent danger, we doubt not that the dog is on his "last legs."

CALORIC POETRY.—The following specimen of hot air poetry was handed us this morning for publication. We advised the young man to send it to the Atlantic or Galaxy, but this he declined to do, preferring to have it appear in the TRANSCRIPT. So here goes:

There's some mistake, I can't rest,
The more I try the less I can—
The flies in solid ranks infest
My room, and try to eat the man
There's some mistake, I can't endure,
Those nights so very, very hot,
There's some mistake, I'm very sure,
Or else mine is the hardest lot.

The sun at midnight makes me sweat,
And every pore to sadly weep,
The midnights are still hotter yet
And nary wink for me to sleep.

THE PASSENGERS on the *Champion* on Saturday afternoon were treated to quite an exciting little episode during the usually quiet run from the foot of the Lachine rapids to Montreal. On nearing Victoria Bridge, it was discovered that three rafts, not more than 100 feet apart, were drifting slowly down the channel leading to the centre pier. As it was impossible to stop headway for the ten minutes that would be required to float them through, "Rapids" turned his steamer to the left, and dashed past the first in safety. On nearing the second, however, it became evident that there would be no room to clear the pier on the port side, and the Indian immediately put his helm hard up to run across the unwieldy bulk of timber that barred the channel. Nearer and nearer the two approached, until "Ease her, Capt'n; stop her, back water, Capt'n," proved that it was about to be a close shave. Passengers began to stand up, some mounted chairs, and the ladies rapidly lost what colour the lake breeze had brought to their cheeks. The guard of the steamer seemed to fairly hang over the raft, as she passed the outer corner, and commenced to swing into the proper channel. In another half-minute, she had fairly come round, and, side by side with the raft, swept through the centre arch. "Well done," "Beautifully cleared," was heard on all sides, and scores of fair Americans looked up to the imperturbable Troquois as if ready to award him a regular ovation. Captain Dunlop, the popular commander of the *Champion*, handled his bells and watched the exciting little skirmish as quietly as if he were bringing his ship into dock rather than striving to clear it from a decidedly unpleasant position.—*Montreal News.*

RETURNED.—We understand that Mr. Blinn, for two years clerk at the Weldon, and recently clerk at the Ottawa House, Montreal, has "returned to his first love," and again may be found cheerfully established at the Weldon. His old friends, who are many, will be glad to welcome him back.

EXTENDING.—Mr. J. M. Seavey, who has been the agent of the Massachusetts Mutual Life Insurance Co., in this place for some time past, has recently been made agent for the whole state, and Northern New York. Mr. Seavey has proved a faithful and competent agent, and has won his promotion fairly.

LOCOMOTIVE FIREMEN'S UNION.—Little do people who have snug houses and homes ever take time to consider of the great perils that always surround the lives of Engineers and Firemen of Railroad Corporations. They get aboard of a train for instance, at St. Albans, seat themselves very comfortably on the cushioned seats, awaiting of course very anxiously the time they may arrive safely at their place of destination; while doing this they seem to heed not that their safety is due entirely to the careful management of two men, the Engineer and Fireman of the train that carries them. But such, however, is the fact, and therefore we say that too much praise cannot be accorded the men who have in charge the lives of so many people.

The TRANSCRIPT has on several occasions made mention of the Engineer Brotherhood of St. Albans, and to-day we have to announce the organization of a Locomotive Firemen's Union, which has rented a large room in the second story of Driscoll's new Block, on Lake Street. The object of the Union is the same in kind and degree as that of the Engineer Brotherhood,—the promotion and best interests of those who are firemen of the Vt. Central, Vt. & Canada, Roads. We welcome this organization as one calculated not only to benefit the individuals for whose especial benefit it is gotten up, but for the community at large.

Mr. Wesley Howe has kindly furnished us with the list of officers of No. 17 of the Locomotive Firemen's Union as follows:

M. Carless,	Maste.
R. A. Wells,	Vice Master.
Sidney Bliss,	Secretary.
Marcus Rice,	Treasurer.
F. McCarty,	Door Keeper.

Mischief that may be helped is hard to know, said Lord Brooke. But the mischief that time would work on the human hair may be forever avoided by the use of Barrett's Vegetable Hair Restorative, which never fails to bring back the hair to its original beauty.—*Rochester Democrat.*

New York Circus,

From the Hippodrome Buildings, 14th Street, opposite the Academy of Music, New York.

L. B. LENT, - - - - - DIRECTOR.

WILL EXHIBIT AT
ST. ALBANS, MONDAY, JULY 27.

THIRD ANNUAL TOUR
—OF THIS—
GREAT METROPOLITAN INSTITUTION

Permanently established during the greater portion of the year in a splendid Hall in the City of New York, which is well known throughout the country as the

Leading Circus of America
And which, the present season, with its

NEW AND MAGNIFICENT FEATURES,
Never before presented in America, will be enabled to offer entertainments of marked originality and exciting interest, far surpassing anything hitherto witnessed on this side of the Atlantic. The public appreciation of the performances given by the New York Circus, not only in the City of New York, but also during its former summer excursions, has stimulated the management to new exertions, and it is confidently asserted as beyond the power of contradiction, not only that the performances of the Troupe during its present tour will be found superior to any ever given in this country.

But that the company is in all respects **THE BEST IN THE WORLD!** There being no Equestrian establishment in all Europe comprising so many first-class artists, or so many entirely novel and strikingly effective specialties as this. First season in America of

DR. CARPENE ROLLAND, the Hungarian Equestrian, who surpasses the most daring feats accomplished by other riders on a pad, upon a horse without saddle or bridle! This extraordinary artist was engaged in England at enormous expense by an agent sent thither for the purpose of securing the best lady rider in this country, and only arrived in this country in April. Her astounding performance upon a Bare-Back Steed, throw into the shade all previous displays of female Equestrianism seen in the United States and cannot be paralleled in any exhibition in Europe or America. Included in the brilliant array of

Attached to the New York Circus will be found the names of Robert Slickney, the Great American Bare-Back Rider; the Conrad Brothers, Champion Gymnasts of the World; William Dutton, the intrepid Somerset Rider, with his infant son, Arthur; the Rummels Family, who have no equals in any country in the Circus School of Gymnastics; El Nino Eddie, the Boy Wonder, who although a mere child, surpasses Blondin in difficult feats upon the Tight Rope. Robert B. Williams, the greatest of English Clowns, engaged in London expressly for the present travelling season. Together with the greatest force of Daring Bare-Back Riders, Accomplished Acrobats, Classic Gymnasts, Colossal Glove, Slack Rope Vaulters, Force Masters, Equilibrists, Volucers, Trumbors and Panacodists. Ever brought together in this country, involving a greater expenditure for salaries than is secured by any four travelling companies, and embracing more first class Artists than can be found in any Circus in the World. First season in America of Conrad's

World Renowned Artists
Troupe of Performing Dogs!
From London and Paris. The largest and best stud of beautiful and highly trained **PERFORMING HORSES AND PONIES**
And the most brilliant wardrobe, trappings and appointments to be found in Europe or America. The Programme of performances arranged for the present season will be distinguished by novelty, variety and sterling merit, including many entirely new acts, never before given in this country, with others that are original and peculiar to the New York Circus, and can be witnessed in no other establishments all the vast resources of this magnificent appointed establishment will be called into requisition at every entertainment to furnish a display of

Dashing Horsemanship and Classic Olympic Games!
Which for Novelty, Variety Elegance and exciting interest will be found infinitely Superior To anything of the kind hitherto witnessed in America.

The Entire Mammoth Troupe
From the New York Circus, in Fourteenth Street, New York, will appear at every performance.

Prof. Charles Boswood's Opera Band,
From New York, accompanies the Troupe.

As this company travels entirely by railroad, on special trains chartered for the purpose, and consequently the performers and horses come into the arena fresh and active, instead of being faded and worn down by wearisome night travel over rough roads.

No Catchpenny Side Shows
Are allowed with this Establishment.

Admission 50 Cents. Children under 10 years, 25 cents. No standing room. Seats for all. Doors open at 2 and 7. Grand Entrance at 2 and 7 P. M.

Tickets for sale at "6a

SUN STROOKS IN NEW YORK.

ACCIDENT TO A PLEASURE PARTY.

Political, etc.

NEW YORK, July 14.

The Union League Club of this city recently tendered Edward M. Stanton a banquet, but he has returned an answer declining the honor.

Another hot day has started, modified very slightly by a westerly breeze. The heat yesterday was said to be the most intense that has been known in New York for four years. A very large number of persons were found on the street insensible from heat, two of whom died during the day. Thirty-seven persons were taken to Bellevue hospital, three of whom died.

About 7 o'clock last evening as the steamer Peter Low, with two barges in tow laden with pleasure-seekers, was returning from a picnic, while a landing was being made at 152d street, a little girl whose name has not been ascertained fell overboard into the water. Officer Corbett, of the 32d precinct, was standing on the dock, and seeing the child fall sprang into the water after her, and both were drowned. While the officer and girl were struggling in the water, a general rush of passengers was made to the side of the vessel, when the railing gave way and about a dozen persons were precipitated into the water. It is supposed that some of them have been drowned. A number of hats supposed to belong to passengers who fell over were picked up in the water. The sad occurrence created a great deal of excitement in the vicinity.

NEW YORK, July 13.

The master masons held another meeting yesterday when it was stated that the owners of buildings in the city had, many of them, agreed to wait for the end of the strike. It was also stated that the German strikes had broken up their organization and were returning to labor under the ten hour rule.

PORTSMOUTH, July 14.

Wilbur B. Wait, a Dry Goods Merchant of this city of excellent standing committed suicide early this morning by severing an artery in his arm. He was found about 4 o'clock on the pavement of Lunden street several stores from his place of business. Trouble with his wife so distressed him in spirits that self destruction was the result.

NEW YORK, July, 14.

The Executive Committee of the Union Republican Committee Presidential Campaign Club, held a meeting last evening. Resolutions were adopted endorsing the nomination made at Chicago.

The Syracuse Conventions recommending Hon. Wm. M. Everts to the position of U. S. Attorney General and thanking the Democratic Convention for the selection of candidates for President and Vice President.

Gold opened this morning 142½. Declined 141½.
